# How can industry join the JV-Campus?

Universities provide their original programs/courses

Like universities, each company can own its original BOX on the JV-Campus platform and offer non-profit services to JV-Campus users.

How do companies utilize each BOX?

# How do companies utilize each BOX?

01

## In-house training

- Training for skill development
- Newcomer Training
- Benefits and Welfare

02

## Public Relations

- Introduction of the company's unique technology
- Introduction of Company History

03

## CSR Activities

- Organizing Events
- Providing educational contents
- Providing a place where young employees and students can interact with each other.

04

## Internship Programs

- Call for internship
- Document screening and interview
- Group work and discussion
- Stay connected with students after internship

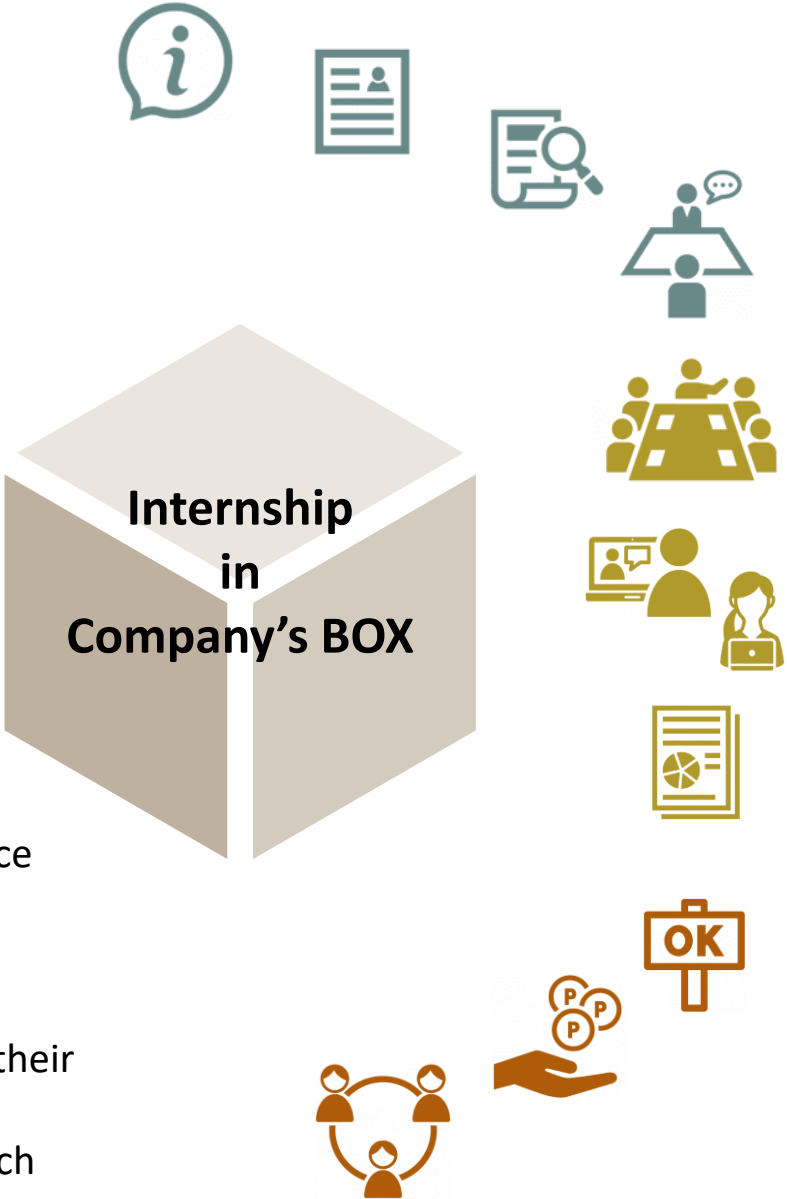

## Ex) CSR Activities using BOX

Companies have requested to use the box as an alternative to face-to-face events, which have become difficult to hold due to the outbreak of COVID-19.

- “We want to enjoy some new culture event together using the BOX.”
- “We want to hold a chess tournament for students that has been interrupted in COVID-19 pandemic.”
- “We want to introduce our company's CSR activities.”
- “We want to participate in human resource development by providing our company's content.”
- “We want to provide a place where our young employees and students can interact with each other.”

# Ex) Internship Program using BOX

This BOX will help companies reduce expenses and recruit students into internships who have acquired the necessary skills and knowledge. In addition, students can broaden their career paths by gaining internship opportunities at companies of which they were not aware.

### BEFORE INTERNSHIP:

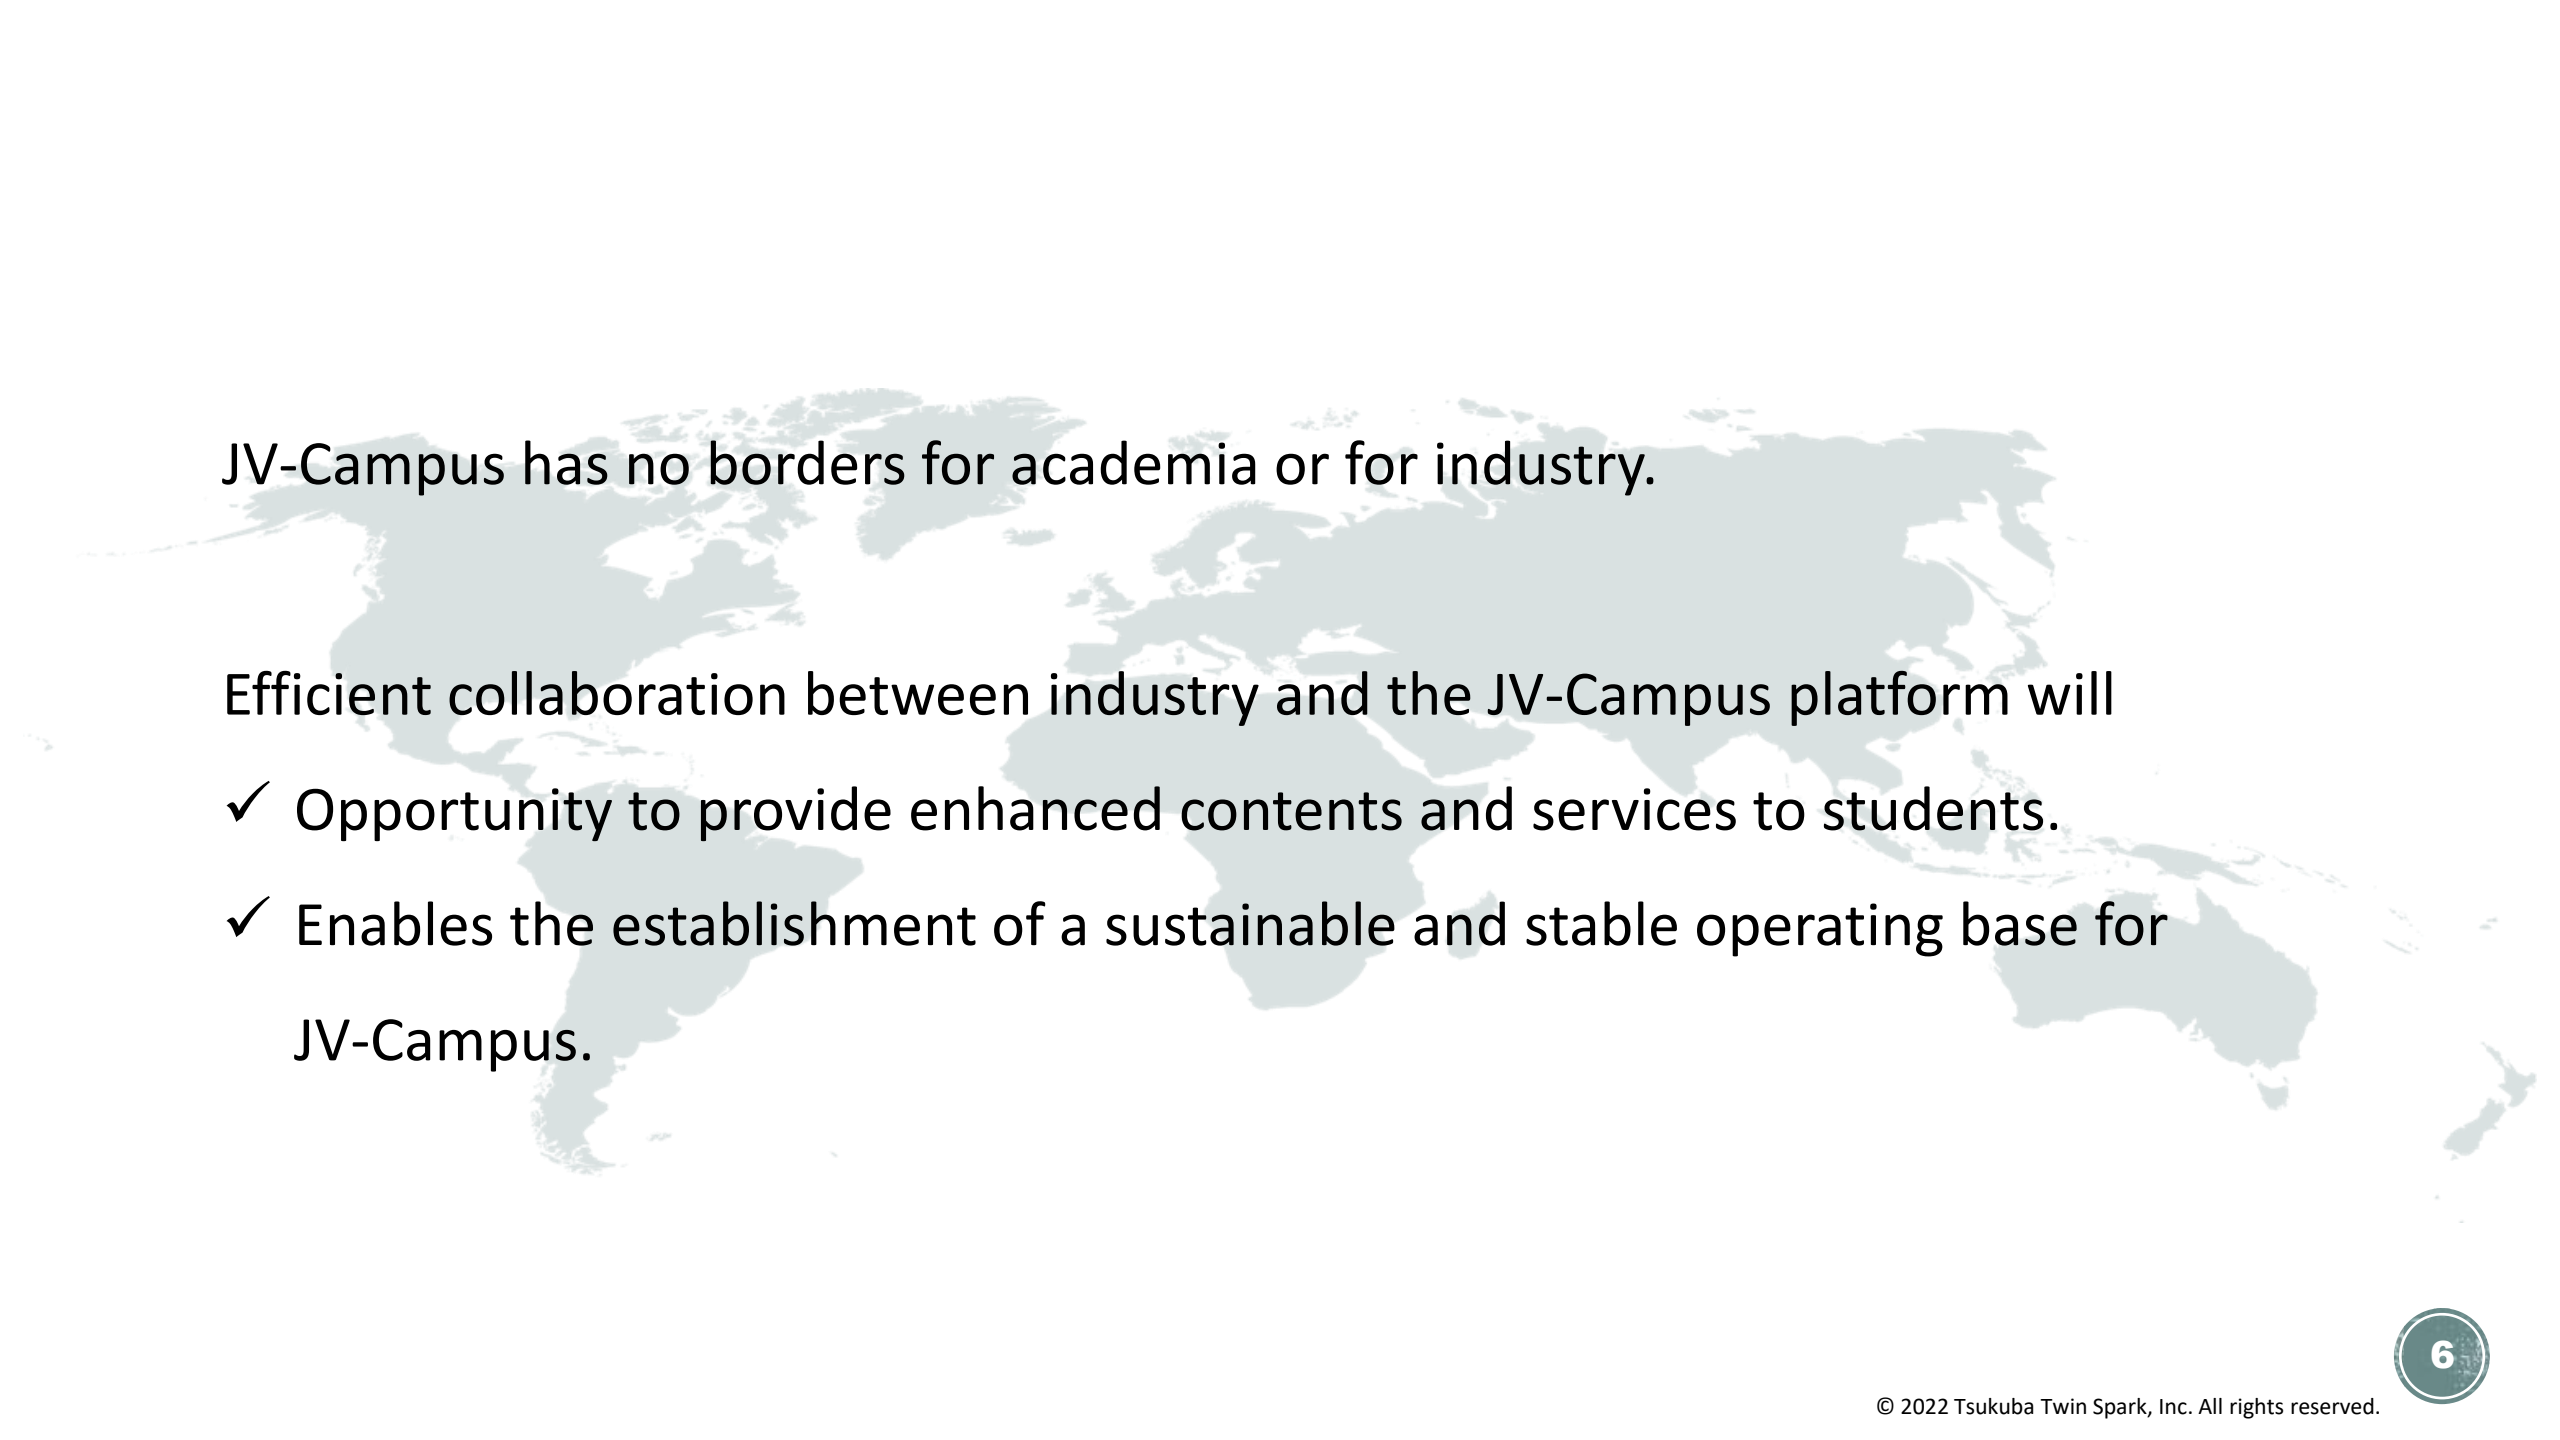

- Call for internship
- Online application
- Document screening
- Online Interview

### DURING INTERNSHIP:

- Group work and discussion
- Individual work
- Preparing and submitting reports

### AFTER INTERNSHIP:

- Evaluation
- Providing rewards for students
- Stay connected with students

JV-Campus has no borders for academia or for industry.

Efficient collaboration between industry and the JV-Campus platform will

- ✓ Opportunity to provide enhanced contents and services to students.
- ✓ Enables the establishment of a sustainable and stable operating base for JV-Campus.
